

# 4129-4137 PETROLIA LINE

Originally Playground Area & Ball Diamond.

Before these existing buildings were constructed this area was known as “Central Playground”. Where the Post Office sits now was the playground area with swings, slides, teeter-totters, monkey bars, etc. It was surrounded by a chain link fence. Where Exit Realty and Petrolia Optometry sits was the ball diamond. This area was separated from the street by a huge billboard as tall as the Kerr Building next door.

**Current location occupant(s):**  
Post Office (4129 Petrolia Line),  
Parking for Queen Victoria Place,  
Exit Realty Bridges Office &  
Petrolia Optometry (4137 Petrolia Line)  
**Previous occupants:**
